**Abstract.** *This meta-paper describes the style to be used in articles for WDCOPIN. For papers in English, you should add just an abstract while for the papers in Portuguese, we also ask for an abstract in Portuguese (“resumo”). In both cases, abstracts should not have more than 10 lines and must be in the first page of the paper.*

**Resumo.** *Este meta-artigo descreve o estilo a ser usado na confecção de artigos para publicação nos anais do WDCOPIN. É solicitada a escrita de resumo e abstract apenas para os artigos escritos em português. Artigos em inglês deverão apresentar apenas abstract. Nos dois casos, o autor deve tomar cuidado para que o resumo (e o abstract) não ultrapassem 10 linhas cada, sendo que ambos devem estar na primeira página do artigo.*

## 1. General Information

All full papers submitted to WDCOPIN, should be written in English or in Portuguese. The format paper should be A4 with single column, 3.5 cm for upper margin, 2.5 cm for bottom margin and 3.0 cm for lateral margins, without headers or footers. The main font must be Times, 12 point nominal size, with 6 points of space before each paragraph. Page numbers must be suppressed.

Full papers must respect the page limits of 5 pages. Besides the abstract, the paper structure must contain the following sections:

1. Introduction or “Introdução”, where it is defined the context of the problem.
2. Problem or “Identificação do Problema” where is defined the problem and the relevance of the work.
3. Goals or “Objetivos”, where are defined the main and specific goals.
4. Planned and developed activities or “Atividades Planejadas e Realizadas”, including the timeline and the estimate time for conclusion.
5. Results or “Resultados Obtidos”, including the results you got so far.
6. Bibliography or “Referências Bibliográficas”

In the template package there is a blank latex template containing all the sections needed.

## 2. First Page

The first page must display the paper title, the name and address of the authors, the abstract in English and “resumo” in Portuguese (“resumos” are required only for papers written in Portuguese). The title must be centered over the whole page, in 16 point boldface font

and with 12 points of space before itself. Author names must be centered in 12 point font, bold, all of them disposed in the same line, separated by commas and with 12 points of space after the title. Addresses must be centered in 12 point font, also with 12 points of space after the authors' names. E-mail addresses should be written using font Courier New, 10 point nominal size, with 6 points of space before and 6 points of space after.

The abstract and "resumo" (if is the case) must be in 12 point Times font, indented 0.8cm on both sides. The word **Abstract** and **Resumo**, should be written in boldface and must precede the text.

### **3. CD-ROMs and Printed Proceedings**

In WDCOPIN, the papers are published on CD-ROM and in the printed Proceedings. The authors must be care in the use of colors, since the printed Proceedings may be printed colorless. In this case, authors are invited to prepare two final versions of the paper. One, complete with colors, to be published on the CD and the other, with images in greyscale or black-and-white.

### **4. Sections and Paragraphs**

Section titles must be in boldface, 13pt, flush left. There should be an extra 12 pt of space before each title. Section numbering is optional. The first paragraph of each section should not be indented, while the first lines of subsequent paragraphs should be indented by 1.27 cm.

#### **4.1. Subsections**

The subsection titles must be in boldface, 12pt, flush left.

### **5. Figures and Captions**

Figure and table captions should be centered if less than one line (Figure 1), otherwise justified and indented by 0.8cm on both margins, as shown in Figure 2. The caption font must be Helvetica, 10 point, boldface, with 6 points of space before and after each caption.

In tables, try to avoid the use of colored or shaded backgrounds, and avoid thick, doubled, or unnecessary framing lines. When reporting empirical data, do not use more decimal digits than warranted by their precision and reproducibility. Table caption must be placed before the table (see Table 1) and the font used must also be Helvetica, 10 point, boldface, with 6 points of space before and after each caption.

### **6. Images**

As stated above, all images and illustrations should be in black-and-white, or gray tones, excepting for the papers that will be electronically available (on CD-ROMs, internet, etc.). The image resolution on paper should be about 600 dpi for black-and-white images, and 150-300 dpi for grayscale images. Do not include images with excessive resolution, as they may take hours to print, without any visible difference in the result.

**Figure 1. A typical figure**

**Figure 2. This figure is an example of a figure caption taking more than one line and justified considering margins mentioned in Section 5.**

## 7. References

Bibliographic references must be unambiguous and uniform. We recommend giving the author names references in brackets, e.g. [?], [?], and [?].

The references must be listed using 12 point font size, with 6 points of space before each reference. The first line of each reference should not be indented, while the subsequent should be indented by 0.5 cm.
